### MEMBERS

#### 1 IMBA recognises 3 kind of members: active members, candidate members and honorary members.

- 1.1 Active members and candidate members are one or more national organisations to promote car and motorsports for amateurs.  
Candidate members have the same obligations as an active member but without the vote and are only permitted to make an organisation with an agreement of the congress.
- 1.2 General members divide in A and B members:  
A = members who organize 3 events and send riders (each class at least 4 drivers/ teams) to 3 events  
B = Members who send or organize only partly events (exception remain apart of this) must draw for remaining events if need is.
- 1.3 After at the latest 5 years of membership in the IMBA, all members are automatically beholden to send the defined number of drivers (each class at least 4 drivers/ teams) to the IMBA events (European Championship and Nations-Cup). They also have to organise events in each class (MX2 Open-Class, side-car).
- 1.4 Exceptional rules of that can only be made with ok from the IMBA congress. Applications for that have to be send to the IMBA secretary before the following congress, so they can be presented to the congress.
- 1.5 An exception was made for the AMCA in the side-car class. They are allowed to just send 3 teams in this class because of the expensive ferry costs.
- 1.6 If an country would organize an Event/Race, the year before they have to participate with two pilots/drivers in the other races. (to domestic rules)

#### 2. Honorary members are natural persons, who made themselves useful, in promoting the goals of IMBA.

#### 3. Entrance of active members.

- 3.1 A candidate must be incorporated.
- 3.2 The request for admission must be presented to the management.
- 3.3 Congress will decide if the admission is accepted, by majority vote.
- 3.4 Principally, only one organisation per country can become a member.
- 3.5 When a request to become a member is made by an organisation out of a country that already has an active member, the two organisations will be brought together to realise a co-operating body that represents both organisations in IMBA.
- 3.6 If the organisations can not realise an agreement, the active member presents a motivated objection tot the congress.

- 3.7 The management settles the terms for new members in the trail period of two year.
- 3.8 The active member that paid the contribution set by the congress receives a written confirmation.
- 3.9 By the participation of the activities of IMBA and the valid membership at IMBA, every member/federation declares, that the race calendar for the European championship of IMBA has primacy on its own national race calendar.
- 3.10 If in a country several motorsports federations are and the IMBA member /federation themselves according to the IMBA governing board, in spite of express request with the linked motorsport does not appear in the interest of IMBA, then the IMBA governing board can take the decision, to negotiate with another federation.
